CALL FOR PAPERS

ICACIE 2018 focuses on both theory and applications in the broad areas of advanced computing and intelligent engineering. ICACIE is a multidisciplinary conference organized with the objective of bringing together academicians, scientists, researchers from industry, research scholars, and students working in all areas of advanced computing and intelligent engineering. The conference will provide the authors and listeners with opportunities for national and international collaboration and networking among universities and institutions from India and abroad for promoting research and developing technologies. The aim of this conference is to promote translation of basic research into applied investigation and convert applied investigation into practice. This conference will also create awareness about the importance of basic scientific research in different fields matching with the current trends. The conference will provide the flavour of keynote lectures by eminent speakers from different areas, panel discussion by industry people, and special session on Women in Engineering (WiE). The scope of the conference includes all areas of Advanced Computing and Intelligent Engineering. The various areas of ICACIE 2018 include but are not limited to the following:

Important Dates

Paper Submission:

18 JUNE 2018

Notification of Decision:

18 JULY 2018

**Camera Ready and
Author Registration
Deadline:**

01 SEP 2018

Conference Date:

22-24 DEC 2018

Advanced Computing

AI & Machine Learning
Data Mining and Warehousing
Web Mining
Computational Intelligence
Big Data Analytics
IoT Architectures and Protocols
IoT's impact on 5G
Cloud and Fog Computing
Grid and Cluster Computing
Embedded and Green Computing
Mobile and Ubiquitous Computing
High Performance Computing
Image and Pattern Recognition
Natural Language Processing
Human Computer Interaction
Speech and Signal Processing
Bio-medical Informatics
Virtual and e-Learning

Intelligent Engineering

Network Performance Analysis
Parallel and Distributed Networks
Internet of Things Networks
Wireless Sensor Networks
Social and Smart Networks
Software Defined Networks
Vehicular Ad-hoc Networks
Mobile Ad-hoc Networks
Delay Tolerant Networks
Fault Tolerant Networks
Body Area Networks
Opportunistic Networks
Cognitive Radio Networks
Satellite Communication
Cryptography and Data Security
Software Engineering
Cyber-Physical Systems
Smart City Applications

Paper Submission System

Proceedings of ICACIE 2018 will be published in Advances in Intelligent Systems and Computing (AISC) series of Springer. Some articles from conference will be invited for extension to be re-reviewed for inclusion in SCI/SCOPUS/DBLP Indexed Journals.

Full details of submission procedure are available at www.icacie.com.
